

### **Dr. Hans-Gilbert Meyer**

Narodil sa v júni 1961. V roku 1987 absolvoval štúdium banského inžinierstva na Technickej univerzite v Clausthale, Nemecku, kde v roku 1991 získal aj titul Doktor. Odbornú prax začal na Inštitúte baníctva Technickej univerzity v Clausthale v roku 1987 ako výskumník a od roku 1988 pracoval ako hlavný technik a akademický poradca. V roku 1991 vstupom do spoločnosti E.ON Ruhrgas A.G. v nemeckom Essene začal svoju kariéru v obchode so zemným plynom. Postupne zastával pozície analytik predaja plynu a projektový manažér – vedúci oddelenia, kde sa podieľal na aktivitách konzorcia nemeckých plynárenských spoločností pre spoluprácu s ruským plynárenským distribučným priemyslom a od roku 1995 bol vedúcim sekcie predaja plynu a členom top manažmentu spoločnosti. V rokoch 2004 až 2007 pôsobil ako generálny riaditeľ E.ON D-Gas B. V. v Haagu, Holandsku, kde zodpovedal za podnikanie v oblasti skladovania ako aj za veľkoobchod so zemným plynom a predaj priemyselným zákazníkom. Zároveň pôsobil v top manažmente niekoľkých ďalších dcérskych spoločností E.ON Ruhrgas. Od Novembra 2007 je členom predstavenstva spoločnosti Slovenský plynárenský priemysel, a.s.

### **Dr. Hans-Gilbert Meyer**

Born in 1961. In 1987 he graduated in Mining Engineering at the Technical University of Clausthal, Germany and received in 1991 also his Doctoral Degree. He started his professional experience in the Mining Institute of the Technical University in Clausthal in 1987 as a research scientist and after 1988 he was the chief technician and academic counsel. In 1991 he started in the gas business by joining E.ON Ruhrgas A.G. in Essen, Germany. Successively, he worked as a gas sales analyst. He was project manager – head of department where he was involved in activities of a consortium of German gas companies for cooperation with the Russian gas distribution industry, and after 1995 he was head of gas sales section and a member of top management of the company. From 2004 to 2007 he was Managing Director of E.ON D-Gas B. V. in The Hague, Netherlands, and was responsible for the storage business as well as for natural gas wholesale and sales to industrial clients. At the same time he was also in the top management of several other subsidiaries of the E.ON Ruhrgas group.

Since November 2007 he has been a member of the Board of Directors of Slovenský plynárenský priemysel, a.s.
